

KEARNEY TRAINING & CONSULTANCY (KTC SAFETY) LTD

Unit H, Ballydavis, Portlaoise, Co. Laois

057-8646619

www.ktcsafety.ie

The Kearney's have been training for the last decade and also have a vast background in the Forestry Industry as they are second generation operators and contractors that followed in the footsteps of their Father (Pat Kearney).

They also would have been one of the first in Ireland to own a

- **Forestry City & Guilds NPTC**

Thinnings Harvester (Atlas 1104F with a Pika 450 Head) & Forwarder in the late 1980's.

So going into training and assessment was a natural progression. We can now boast we have one of the most highly qualified teams and accredited training centers in Ireland.

- **Construction CSCS**

- **Scaffolding CSCS**

Patrick "Noel" Kearney's Background:

Noel started in the forestry industry in 1983 cutting and stacking pulp wood for export, he progressed onto tractors & winches and a forwarder in the late 80's with his other brothers Philip, James & David.

He then went on to work with various leading contractors driving machines such as OSA 250 Locomo 990 & Timberjacks until 2002. Noel is now an approved City & Guilds Assessor for Chainsaw, Harvester & Forwarder.

Our headquarters are located in Portlaoise and is one of the largest training centres in Ireland approved by City & Guilds, FAS, FETAC, RSA etc which enables us to offer a wide range of courses to all sectors all of which can be found at:
