

The Worlds Leading Treeshelter

- Maximum protection from rabbits, hare and deer
- Boosts growth by 50-100%
- Prevents damage from herbicides during spraying operations
- The quickest and easiest treeshelter to install
- Tubex come with pre-fitted releasable ties for easy attachment to stakes
- Unique "Tubex Laserline" perforation allows shelter to split when tree stem size reaches shelter diameter
- Flared rim at top of tube to minimise stem abrasion
