**REF: Circular 23 of 2011**

**Revised Forestry Schemes Manual-2011**

The Forestry Schemes Manual has now been revised and consolidates all relevant circulars to date.

This manual must be read in conjunction with the Forestry Schemes Mapping Standards, Scheme Documents, guidelines and any subsequent circulars that may issue.

It is intended to update this manual electronically each year and to have it available for download on the Departments website. It is not intended at this point in time to provide printed copies.

You may access the revised Forestry Schemes Manual (2011) by clicking on the web link below

This revised edition will be put to consultation in 2012 and you will have an opportunity to recommend further changes or amendments for the next edition.

Yours sincerely
