

Full Time Mechanic

Worrell Harvesting Ltd is a family run business involved in forestry for the last 20 years. We use the latest and most technologically advanced harvesters and forwarders capable of handling large or small quantities on any terrain.

We also contract for some of the largest sawmills across the country. We buy timber which we can thin or clearfell and retain the pulp wood for chip wood and any other products are sold on to sawmills. We also run a modern fleet of trucks and trailers adaptable to any conditions. Worrell wood chip is the latest and most exciting addition to our operations. We have the capacity to chip 300 tons of wood chip daily.

Through the help of our team of competent and qualified drivers and operators we strive to provide a professional service. Our goal is to provide a high-quality service to our clients while ensuring customers get the best value from their crop.

The role

This role involves carrying out the maintenance of equipment and machinery throughout the business. This includes both planned preventative and scheduled maintenance and also unscheduled maintenance/repairs. The successful candidate will be proficient in all aspects of maintenance including inspections, diagnostics, troubleshooting, major component rebuilds/replacements, and repairs to electrical, hydraulic, pneumatics, mechanical, suspension and air/brake systems. The candidate should have experience with construction, forestry or agricultural equipment experience and have some welding experience

Requirements

- Experience working on HGVs and is essential
- Be fully qualified as an HGV motor mechanic or qualified by experience
- Should have 3+ years' experience in all aspects of vehicle servicing and diagnostics.
- Be capable of producing quality work in a busy fast paced environment.
- Work well under pressure while maintaining efficiency and productivity.
- Have a flexible approach to work and be willing to work overtime or in offsite locations if required.
- Be knowledgeable of the requirements and legalities surrounding commercial vehicles and CVRT testing
- IT Literate and be able to record and document maintenance, repair works, 12 weeks checks, service records and keep a vehicle maintenance schedule

- Hold a full valid driver's license, full clean C Driving License desirable but not essential

Remuneration

For the right candidate, we offer a competitive remuneration package depending upon experience. Details will be discussed at interview
